

**1. Guide Lines Social Media**

- 1.1. Be conscious that everything you post can be found, forever. Think before you post.
- 1.2. Use social media to share knowledge and other important and potential useful information about the sport and the association.
- 1.3. Always make clear whether you communicate on behalf of the association or on a personal level.
- 1.4. Never post privacy sensitive information online. Be hesitant to post names, locations and events/occasions.
- 1.5. Do not argue with someone on social media.
- 1.6. Board members, coaches and trainers are representatives of the association in the first place. Act accordingly, do not publish something when there are doubts.
- 1.7. Always ask for permission when posting videographic or photographic materials. This is also the case if others appear recognizable in the background of photographs of yourself.
- 1.8. If you have a judgement about a sport member, talk it out privately and in person, never publicly online.
- 1.9. It pays out to be nice, also online.
- 1.10. Be an example for others, adhere to the Code of Conduct and Regulations Sexual Intimidation
